The University advances the best interests of its students and the State of Alabama through teaching, service, research and other creative activities to empower students to make valuable contributions in their professional, civic, educational, and economic endeavors. Through innovative communication and course delivery, Athens State University provides a supportive environment for each student, demonstrating the importance of the diverse and interdependent nature of our state and society. Athens State University changes the face of Alabama by changing the lives of its students.

President's Message

Dr. Robert K. Glenn
President

Athens State University has enjoyed a rich history as the oldest institution of higher education in the State of Alabama. Since 1822 Athens State University has been empowering students to overcome whatever obstacles circumstance may bring their way and redefine their future.

Historically, our students come here looking for many different things. But the one thing that all students find is a University home that fits their lifestyle and educational needs.

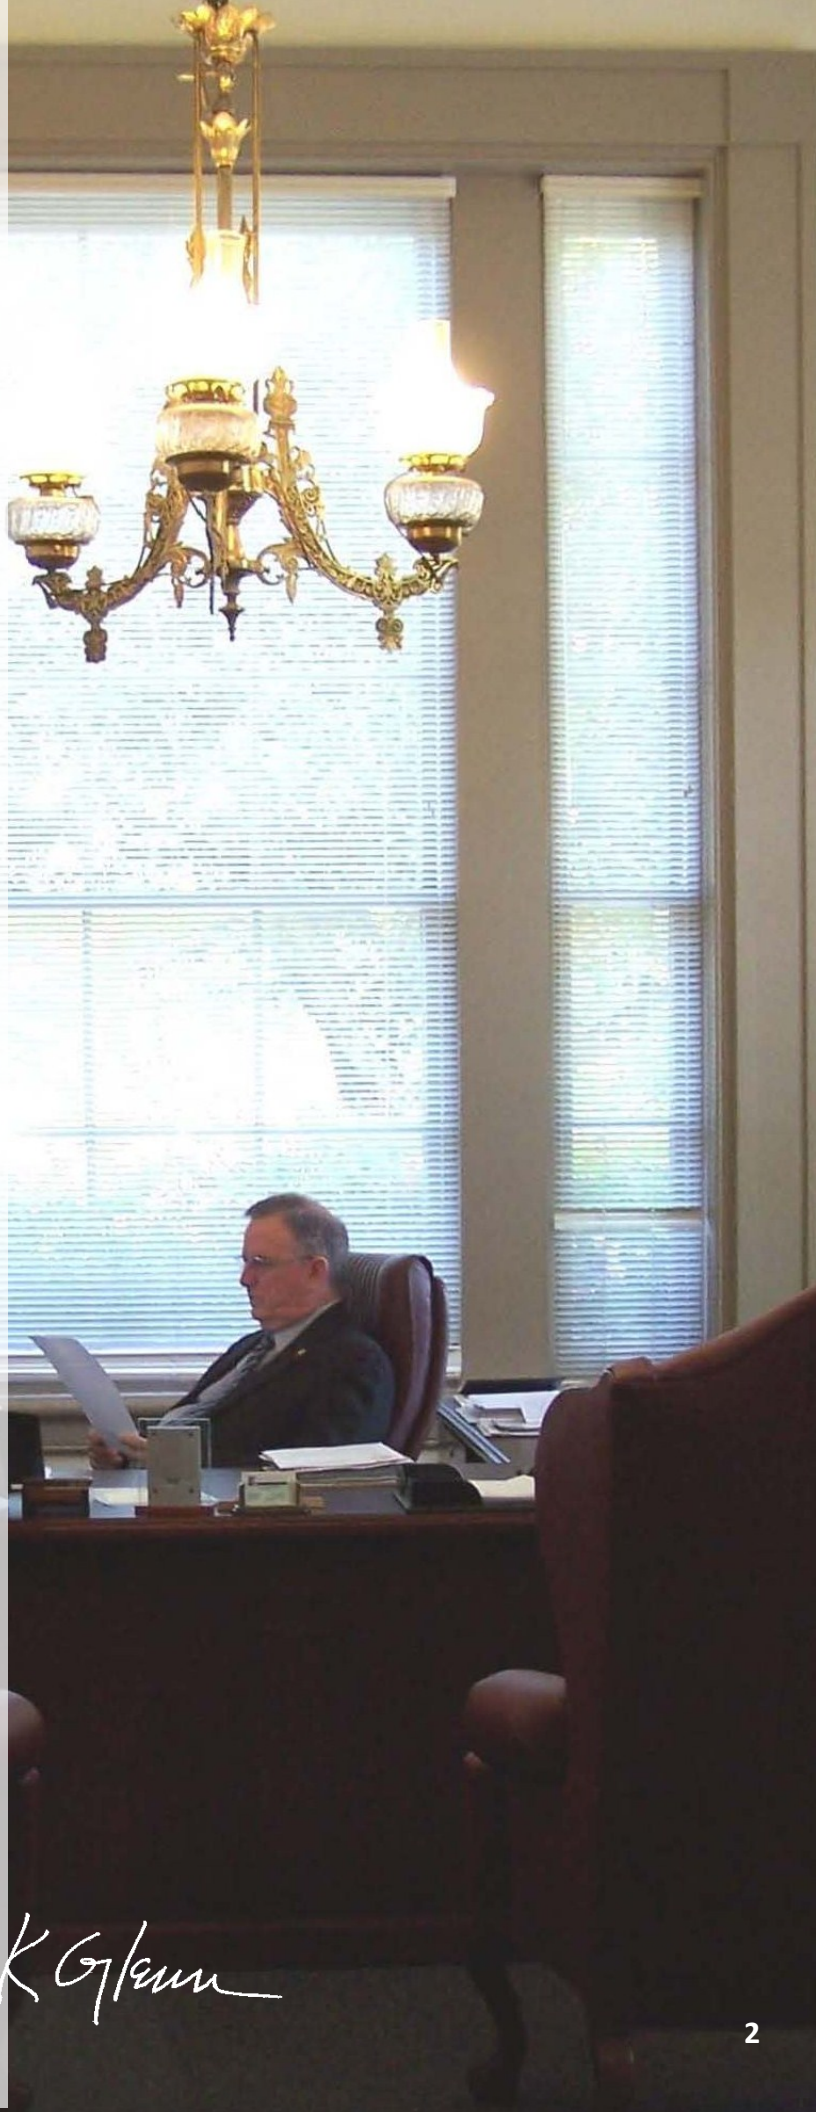

Building on a tradition of excellence in teaching and scholarship, innovation in program delivery and collaboration with other educational institutions, Athens State University provides adult, working and transfer students with the preparation to make valuable contributions in their professional, civic, educational and economic endeavors in a world that is increasingly dynamic, culturally diverse and interdependent.

Simply put, Athens State takes students from where they are to where they want to be. I believe this message so clearly illustrates our mission, that we have chosen it to be the theme of our current capital campaign.

In 2012, we announced the undertaking of this \$2.5 million capital campaign. After an extensive study of the infrastructure needs of the University, through our Vision 2020 Master Plan and through individual interviews of those who recognize and support the mission of Athens State, we are focusing on these critical areas for funding: Technology enhancements, endowed scholarships, new and revitalized facilities, programmatic opportunities, faculty and academic support, development and alumni infrastructure, and cultural and community enrichment.

The following material outlines our financial standing for 2012. It will illustrate not only our ability to work well with what we are given, but also the amount of alumni and community support that is needed for us to do our jobs. For this we offer our thanks and look forward to continued success.

Robert K Glenn

In 1982, a small group of college and community leaders formed an organization to provide a base for financial and public support for Athens State University. The Athens State University Foundation was created as a privately controlled, independent organization of philanthropic aid to the institution. The Foundation is recognized as a non-profit organization under the Internal Revenue Service's 501c3 guidelines.

While state appropriations provide a base for university operations, the foundation has a common goal of insuring that Athens State University continues as a top regional educational institution. The Foundation is the proper channel for private gifts from individuals, corporations and foundations to the University. These gifts can be annual contributions or a planned gift whereby a donor provides for the University in their will or designates funds to be used in a way they determine will be the best in their long-term interest.

Total Investments Summary

Rick Mould
Vice President for Advancement

The generous support of alumni and friends through the establishment of Endowed and Annual Scholarships makes an Athens State University education possible for many students each year. Endowed Scholarships are permanent funds that may be established through an investment of \$15,000, which may be contributed over a period of five years. Only a percent, usually 5% or less of the endowment depending on the earnings is awarded each year. For Annual Scholarships, the entire gift amount is awarded each year.
