PRESIDENT'S MESSAGE

On behalf of the Faculty and Staff of Athens State University, I am pleased to present you with my report outlining the financial affairs of our great institution for the year 2014. You will find in these pages all the numerical data that paint a picture of a university that strives to meet the fiduciary responsibilities of our state, our generous alumni, and our local community. What it would be impossible to show is all the hard work of our faculty, staff, and students that allows us to be good stewards. I am proud of our ability to remain financially strong, but I am most proud of the internal accomplishments and sacrifices that keep us that way.

The 2014 academic year brought the challenges and successes that every year brings. Academically, we have seen great advancements in areas of industry that have been identified as prospective career-growth leaders. Culturally, we have enriched the Athens State community through our commitment to the arts and humanities. It was a great year, and it has paved the way for many initiatives. We proved ourselves to multiple accreditation teams and garnered significant recognition both locally and nationally.

As we near the completion of a successful three year capital campaign, I am pleased to announce that we have surpassed our \$2.5 million goal. In fact, we are in close range of the auxiliary stretch goal of \$4 million for the campaign end on May 31, 2015. The theme of the campaign is "Taking us from where we are to where we want to be," and through the generosity of our alumni and friends, the path we have set to our goals now has many fewer obstacles.

I thank you for your continued support. With each year the mission of Athens State gets more defined, but at the same time we remain a model of flexibility to be able to incorporate programming and initiatives toward an ever-changing market. I am glad you are on our team and that we are on this journey together.

Robert K. Glenn

In 1982, a small group of college and community leaders formed an organization to provide a base for financial and public support for Athens State University. The Athens State University Foundation was created as a privately controlled, independent organization of philanthropic aid to the institution. The Foundation is recognized as a non-profit organization under the Internal Revenue Service's 501(c)3 guidelines.

While state appropriations provide a base for university operations, the foundation has a common goal of insuring that Athens State University continues as a top regional educational institution. The Foundation is the proper channel for private gifts from individuals, corporations and foundations to the University. These gifts can be annual contributions or a planned gift whereby a donor provides for the University in their will or designates funds to be used in a way they determine will be the best in their long-term interest.

The generous support of alumni and friends through the establishment of Endowed and Annual Scholarships makes an Athens State University education possible for many students each year. Endowed Scholarships are permanent funds that may be established through an investment of \$15,000, which may be contributed over a period of five years. Only a percent, usually 5% or less of the endowment depending on the earnings is awarded each year. For Annual Scholarships, the entire gift amount is awarded each year.
